Socorro Electric Foundation Scholarship Program Accepting Applications Ten \$8,000 Scholarships to be Awarded for 2026-27 School Year

For many years, the funds provided by the SEC Electric Foundation have been indispensable in assisting high school graduates from our service area pursue their dreams of higher education. We are pleased to announce that this benefit, only eligible to SEC Members, is still going strong!

The scholarship program provides awards for \$1,000 per semester which are renewable up to 8 semesters, for a total potential award of **\$8,000!** To renew the scholarship for each subsequent semester, the recipients will need to maintain a 2.50 cumulative GPA (on a 4.00 scale) and be enrolled as a full-time student each semester.

The scholarship funds are not an operating expense of Socorro Electric, as the funds come from unclaimed patronage capital refunds from prior years. Many times our Members leave our service area before receiving these refunds and we are unable to locate them. We attempt to reach these Members for 3 years, after this time, any unclaimed funds are deposited into the SEC Foundation.

Further details about the scholarship program and an application form can be found on our website at www.socorroelectric.com or scan the QR code included here. Scholarship applications can also be obtained from your local high school counselor or at the SEC offices at 215 East Manzanares in Socorro.

Applications for the 2026-2027 school year are due to SEC by Monday, April 6, 2026.

Did you know.....?

***that the SEC Foundation has awarded
over \$600,000 in scholarships to our
students over the past 53 years!***
